LED Vertical Refrigerated Case Light

SES-T8V1840

PARAMETERS		
Model:		SES-T8V1840
Size:		6ft 1800mm
LED Specs:		SMD2835
LED Qty:		240 pcs
		V shape PCB
Power Consumption:		40W
CCT /CRI:		3000-5000K CRI≥80
Luminance:	Clear cover	120lm/W
Net Weight:		500g
Certificates:		DLC
Material:		Aluminum+PC
Service Life:		50,000hrs
Warranty:		2 years Limited Warranty
Beam Angle:		240°
Working Temperature:		-30℃~50℃
Electrical System		
Input Voltage:		AC100-277V
Input Current		MAX 0.6A
THD		<20%
Working Frequency:		50/60Hz
PFC:		≥0.95
Efficiency:		>88%
Package		
DLC		Inner white box+carton
LED Vertical Refrigerated Case Light		30pcs/carton

General Description

The model are T8 LED Vertical Refrigerated Case Light; the rating is 100~277Vac , 50/60 Hz

For dry and damp location.

- These lamps should be installed by an electrician;.
- Use in -30℃~50℃ environmental conditions;
- Do not install in a raceway or a luminaire marked for through branch wiring.
- These devices are not intended for use with emergency exits.
- Always connect ground lead to fixture where applicable.
